Montgomery County Republican Party

The Clarksville Montgomery County GOP is purposeful and strong and shall maintain the Republican Party as an instrument for the political realization of the concept of individual liberty on which our constitutional government is founded.

Please join us!

The Republican Party is the Party of the open door. Ours is the Party of equality of opportunity for all and favoritism for none. We encourage the broadest possible participation of all voters in Republican Party activities at all levels and seek to assure that the Republican Party is open, accessible to all, and answerable ultimately to the people in the true American Tradition.

The Montgomery County Republican Party consists of all enrolled Republican voters in the Clarksville area and is governed by the Tennessee Republican State Committee. We invite you to join us at one of our next events or meeting.

The bald eagle was chosen June 20, 1782 as the emblem of the United States because of its long life, great strength, and majestic look and also because it was believed to exist only on this continent

I am a Republican Because:

I believe the strength of our nation lies with the individual and that each person's dignity, freedom, ability and responsibility must be honored.

I believe in equal rights, equal justice and equal opportunity for all, regardless of race, creed, age, sex or disability.

I believe free enterprise and encouraging individual initiative have brought this nation opportunity, economic growth and prosperity.

I believe government must practice fiscal responsibility and allow individuals to keep more of the money they earn.

I believe the proper role of government is to provide for the people only those critical functions that cannot be performed by individuals or private organizations and that the best government is that which governs least.

I believe the most effective, responsible and responsive government is government closest to the people.

I believe Americans must retain the principles that have made us strong while developing new and innovative ideas to meet the challenges of changing times.

I believe Americans value and should preserve our national strength and pride while working to extend peace, freedom and human rights throughout the world.
