Let the Fourth of July always be a reminder that here in this land, for the first time, it was decided that man is born with certain God-given rights; that government is only a convenience created and managed by the people, with no powers of its own except those voluntarily granted to it by the people. We sometimes forget that great truth, and we never should. Happy Fourth of July.

- Ronald Reagan

County Party Website

If you've recently tried to get on the website, you may have seen that it had "expired" Due to some issues with locating the agency in charge of renewing the domain name, we were unable to maintain the original name so we decided to change it slightly. Please make a new bookmark at <https://www.montgomerycountytngop.org/>.

If you haven't been to the website, please take the time to check it out. You will find election information, candidate events, volunteer and in-house calendars, auxiliary information, and much more.

The Primary Candidates will proceed to the November ballot, but the County General election result in those who will serve us in the Montgomery County offices.

Remember, the only way for Republicans to fight the reported Blue Wave of Democrats is to **VOTE** to elect the very best candidates to run against Democrats in the November 6 Mid-Term Election. Please, let's not let Tennessee continue to be the lowest voter-turnout state in the Union.

Remember, if you don't vote do you have the right to complain about any candidate that gets elected?
